Polo Grounds, New York, Oct. 6.—Pitching into a state of helplessness, the New York Giants were blanked for the second time and pushed farther away from the base ball crown when they went down before the Yankees here this afternoon, 3 to 0.

Close to 40,000 fans saw the victors and the victims go through a brilliant game in which the battling Yankees repeated the great game that gave them the first battle of the world series yesterday.

"Wait Hoyt, the boy veteran from Brooklyn, took every ounce of drive out of the Giants bludgeons. He held the hard hitting National League champions to two hits, one a little puny drive that dropped between Babe Ruth and Peckinpough.

The Giants played a heartless game and showed symptoms of being beaten from the first inning.

The play by play follows:

**FIRST INNING**

Giants—Burns fanned swinging. Bancroft out. Hoyt to Pipp on a bunt. Frisch out. Ward to Pipp. No runs. No hits. No errors.

Yankees—Smith drew an error when he muffed Miller's high foul. Miller walked. Peck sacrificed. Nehf to Kelly. Ruth walked on four straight balls while the crowd booed Nehf. R. Meusel lined into a double play. Frisch to Rawlings. No runs. No hits. One error.

**SECOND INNING**

Giants—Young out. Pipp unassisted. Kelly fanned. E. Meusel out. Pipp unassisted. No runs. No hits. No errors.

Yankees—Pipp walked. Ward out. Bancroft to Kelly. Frisch took McNally's grounder and tagged Pipp out on the base line for a very smart play. McNally out stealing. Smith to Rawlings. No runs. No hits. No errors.

**THIRD INNING**

Giants—Rawlings singled to left. Smith popped to Pipp. Nehf fanned. Burns forced Rawlings to Peck unassisted. No runs. One hit. No errors.

Yankees—Schang popped to Bancroft. Hoyt singled. It was a pop fly which Rawlings ran back to get and dropped after making the catch.

Hoyt was almost caught off first by Smith. Miller flied to Burns. Peck walked. Ruth walked, filling bases. R. Meusel popped to Bancroft. No runs. One hit. No errors.

**FOURTH INNING**

Giants—Bancroft struck out. Frisch out. Peck to Pipp. Young out. McNally to Pipp. No runs. No hits. No errors.

Yankees—Pipp flied to Young. Ward singled to right. Ward reached second and McNally was safe at first when Nehf threw wild to second. Schang walked filling the bases. Hoyt out. Rawlings to Kelly. Ward scoring. McNally was out trying for the plate. Kelly to Smith. One run. One hit. One error.

**FIFTH INNING**

Giants—Kelly out. Schang to Pipp on a muffed third strike. E. Meusel walked. Rawlings flied to R. Meusel. Smith flied to Miller. No runs. No hits. No errors.

Yankees—Miller out. Frisch to Kelly. Peck out. Bancroft to Kelly. Ruth walked on four straight balls. Ruth stole second and then stole third. Meusel out. Bancroft to Kelly. No runs. No hits. No errors.

**SIXTH INNING**

Giants—Nehf walked. Burns popped to Ward. Bancroft out. Hoyt to Pipp. Nehf reaching second. Frisch out to Pipp unassisted. No runs. No hits. No errors.

Yankees—Pipp out. Nehf to Kelly. Ward out to Kelly unassisted. McNally popped to Frisch. No runs. No hits. No errors.

**SEVENTH INNING**

Giants—Young up. Ball one, strike one, ball two, strike two, ball three. Young walked. Kelly forced Young. McNally to Ward. E. Meusel up. Ball one, strike one. Forced Kelly. Ward to Peck. Rawlings up. Rawlings out. Ward to Pipp. No runs. No hits. No errors.

Yankees—Schang flied to Young. Hoyt popped to Kelly. Miller out. Nehf to Kelly. No runs. No hits. No errors.

**EIGHTH INNING**

Giants—Smith out. Ward to Pipp on the first ball pitched. Nehf out. Ward to Pipp. Burns walked. Burns

## DOUGHBOY TO SELECT BODY

To be Brought to America and Honored at Arlington

(By United Press)

Paris, Oct. 6.—The unknown soldier, whose body is to be brought to the United States and honored at Arlington, Nov. 11, will be chosen at Chalons-Sur-Marne, Oct. 24, it was announced today.

General Allen, commanding the army of occupation has decided that a doughboy from the Rhine shall select the unknown soldier from five bodies of unidentified dead which will be assembled at Belleau Wood from five main A. E. F. cemeteries.

The body will be taken from Chalons-Sur-Marne to Harve in a special train during the night of the 24th.

## TAX FIGHT TAKEN TO PRES. HARDING

Senator Lodge Reports President's  
Intervention May be Necessary  
To Save Bill

### COALITION IS THREATENED

Republican Progressives Prepare to  
Force Radical Changes by  
Joining Democrats

(By United Press)

Washington, Oct. 6.—The Senate tax snarl was placed directly before President Harding today by Senator Lodge, Senate Republican leader. In an hour's conference, Lodge is understood to have indicated that some action by Harding may be necessary to prevent a coalition of Democrats and Republican insurgents from defeating features of the tax revision bill which the administration believes vital.

Republican Progressives in the Senate took the upper hand in the taxation fight and prepared to force radical changes in the revenue bill as framed by administration leaders.

This situation was a result of a meeting last night of Republicans of all shades of opinion which was dominated by determined Progressives at the home of Senator Capper of Kansas, one of the leaders of the agricultural "bloc."

The meeting was engineered by Senators McCormick and Kellogg, auxiliary administration leaders, in an effort to prevent a coalition of the Progressives with the Democrats.

Senator Lodge, Republican leader who was at the meeting, today reported to Senators Penrose and Watson.

## REMONSTRANCES ON ASSESSMENTS HEARD

Turn Out in Large Numbers to Pro-  
test Cost Assessed to Improve  
Hodge's Branch

### 600 PROPERTIES AFFECTED

Remonstrances against the proposed assessments for the improvement of Hodge's branch were being heard today in the commissioners court, and the remonstrators were out in large numbers, asserting that the assessments were too high and that their property would not be benefited enough to justify the assessment.

The board of county commissioners acted as the judges in the case, and on account of the large number of remonstrators, there was a possibility of the matter continuing over until tomorrow.

The proposed improvement levies assessments on 600 pieces of property in Rushville township, extending from the extreme northeastern portion to the southwestern, and practically every lot west of Main street, above Sixth street.

The remonstrators were represented by Howard Barrett and Gates Ketchum, attorneys, and appearing for the petitioners were John A. Tittsworth and Donald L. Smith.

## VIOLATORS OF SCHOOL HACK LAW REPORTED

Mrs. Theo. Hopkins of Shelbyville  
and Merle Bradway of Straughns  
Accused in Affidavits

### WARNING GIVEN RECENTLY

Drivers of school conveyances are reporting to the officers the people who are violating the state law concerning the passing of a school hack while being loaded or unloaded with school children, and two affidavits are now before Justice Stech on such complaints.

Mrs. Theo. Hopkins of Shelbyville is alleged to have driven a machine 35 miles an hour past a hack driven by Clyde Martin in the Webb neighborhood, and she will be given a hearing Saturday in this court. A similar affidavit has been filed against Merle Bradway of Straughns. School authorities recently announced they would prosecute violations of this law.

Alpheus O. Morris is plaintiff in a suit for possession in this court today, against Earl Carter. The plaintiff seeks possession of property located at the corner of Palo Alto and Buena Vista avenue, and \$5 judgment also is demanded as damages.

## MANY VISITORS AT KIWANIS MEETING

Coach A. H. Sutton, Lieut. Hinkle.  
Lot Lee of Indianapolis and  
Others Speak

### HELD IN CHURCH BASEMENT

The Kiwanians held an enthusiastic meeting in the basement of the First Presbyterian church Wednesday noon, the meal being served by the women of the church.

There were several visitors present and all spoke briefly. A. H. Sutton, high school basketball coach, talked regarding the effect of athletics on the high school and referred to some of the facts developed in the questionnaire which was recently made public by the State High School Athletic association, showing that the advantages derived from high school athletics more than offset the objectionable features.

Lot Lee, telegraph editor of the Indianapolis News, whose wife was a Rush county woman, also made a very pleasing speech. Other guests were Lieut. Stacey Hinkle of the United States air service, who has been visiting his parents here; Mr. Wiley of Cincinnati and Dr. Lowell M. Green, all of whom said a few words. J. T. Arbuckle, a member of the club, also made a few remarks.

## PURDUE MAN WILL SPEAK

O. F. Hall to be at Fairview Agri-  
cultural Exhibit Friday Night

Prof. O. F. Hall of Purdue university will speak at the agricultural exhibit which will be held at the high school building in Fairview Friday evening instead of the afternoon as announced a few days ago. The exhibit will be given by the students and farmers of that vicinity and is given under the auspices of the agricultural teacher, Earl Heller, and the agricultural classes. Premiums will be offered in the classes for grain and on the remainder of the exhibits ribbons will be awarded to the winners.

The display will consist of grain, vegetables, fruit, poultry, art and home economics. An entertainment will be provided by the Fairview glee club.

### ARRESTS THREATENED

Warsaw, Oct. 6.—Wholesale arrests of motor vehicle drivers of northeastern Indiana is threatened by a state motorcycle policeman because of the failure of drivers to keep their rear lamps lighted after nightfall. A count recently kept on the Warsaw-Goshen highway showed that one in eight machines on that particular night were being operated minus rear lights.

## GARAGE SOLD TO MAYS MAN

Humes and Kirkpatrick Building  
Goes to Ray Hunsinger

The Humes and Kirkpatrick garage, located in South Morgan street, was sold Wednesday afternoon to Ray Hunsinger of Mays, who was the successful bidder at the commissioners sale, and the price paid was \$7,750. Several bids were offered and C. W. Duncan and B. F. Miller commissioners, ordered the building, lot and appurtenances sold to Mr. Hunsinger, the highest bidder.

The partnership of Humes and Kirkpatrick was taken to court when an accounting and sale was demanded by one of the members of the firm. It is understood that the new owner will continue to operate the garage.

## TIRE AND RUBBER FIRM BANKRUPT

Anderson Company in Which Many  
Rush County People Own Stock  
Drops Contest of Proceedings

### ASSESSMENT APPEAL MADE

Bankruptcy Reveals Real Purpose  
of Effort Made by Concern  
Recently to Raise Money

The news that the Quality Tire and Rubber company of Anderson has been adjudged a bankrupt, which has been received here, is of great interest in Rushville and Rush county because thousands of dollars worth of stock in the concern is owned in this county.

The judgment was rendered in the federal court in Indianapolis this week and the property turned over to Harry C. Sheridan of Frankfort, referee in bankruptcy.

The bankruptcy proceedings were brought last June by three creditors and the company at first contested the proceedings. The answer of the company in denial of the bankruptcy complaint was withdrawn, thus permitting the finding for the plaintiffs that the company is bankrupt.

It was understood that Mr. Sheridan had designated Neel M. McCullough, a banker at Anderson as trustee, to close out the business under the bankrupt laws.

The latest proceedings were taken as another step in the effort to clear the tangled affairs of the company. Some time ago local stockholders received an appeal from the company for a stock assessment of 18 per cent and the bankruptcy proceedings reveals the real purpose of this stock assessment, it is pointed out. It is planned to raise the sum of \$200,000 by this stock assessment plan and use this money to buy the assets of the company from the trustee in bankruptcy. With this accomplished the stockholders would be in position to reorganize the company on a sound financial basis.

The fact that the company owes approximately \$21,000 in federal taxes has played an important part in the proceedings. It is pointed out, however, that this need not cause any undue alarm in the refinancing of the company as the federal taxes are merely a first lien on the property, as is specified by law.

It was rumored that a receivership had been appointed for the company, but this was denied and a dispatch from Indianapolis sets this at rest, as the proceeding was one in bankruptcy.

The stockholders are asked really for a 25 per cent assessment. Eighteen per cent of this amount is to go towards buying in the plant and the remainder is planned to be used as a reserve or operating fund. Local stockholders are optimistic over the outcome and believe if the company is successful in securing \$200,000, the tire factory will be put on a sound financial basis.

## ANNOUNCES RULES TO GUIDE SCHOOLS

County Board of Education Adopts  
Requirements to be Followed  
At October Meeting

### MAILED TO TEACHERS TODAY

Much of Responsibility For Con-  
duct of School Program Placed  
on The Principals

W. E. Wagoner, county superintendent of schools, today mailed to teachers of the county a set of rules for the government of the schools of the county, which were passed at the regular monthly meeting of the county board of education Monday.

The rules set out certain fixed requirements which must be met and place much of the responsibility for the conduct of the school program upon the principal.

Among other things, it is required that schools hold a fire drill once every month, that pupils who have completed the eighth grade shall not return and review it and that the school exercises shall be guided by a program which shall be displayed where all can see it. Regulations for pupils entering school are also provided.

The complete set of rules is as follows:

1. Teachers should be in their rooms of least thirty minutes before the opening of school. It should be the rule of the teacher not to leave the premises at the noon hour in the district schools and only on a schedule prepared by the principal in the graded schools.

2. In case the teacher finds it necessary to absent himself from school, or is accidentally detained therefrom, he shall inform the proper school authority. In no case shall a teacher leave school in charge of a pupil or a person without license, or with any person without the consent of the proper school authority.

3. The exercises of the school shall be regulated by a program which shall be placed where the pupils and visitors can see it.

4. The school authorities shall be responsible for seeing that the schoolhouse, grounds, and outbuildings are kept in proper condition, so far as neatness and cleanliness are concerned, during the school term. This is very important, both from a hygienic and aesthetic point of view.

5. Principals of town and township high schools shall have control of the buildings and grounds. The principal shall make the rules for the government of schools. In matters of discipline referred to him by his teachers, he shall correct and punish at his discretion. He shall examine pupils for promotion, or approve the examinations made by the teachers.

6. The principal of a graded school have the general management

## COMPANY MAY BE ORGANIZED IN CITY

Maj. Gen. H. K. Landes to Explain  
Patriarchs Militant at Meeting of  
Bernice Encampment Friday

### FORTY APPLICATIONS MADE

Major General H. K. Landes, commander of the Patriarchs Militant of Indiana, will be present at the meeting of Bernice Encampment No. 12 I. O. O. F. Friday evening to explain a plan for organizing a company of that body in this city. Over forty men have made application and it is expected that the matter will be closed at that meeting.

The Patriarchs Militant is the uniformed branch of the Odd Fellows. Its membership is restricted to Encampment members. A plan is announced to form a regiment in this section of the state with companies in surrounding counties and it is hoped to place Rushville in this regiment.

All members of the order are being urged to attend the meeting which will be open to all Odd Fellows whether encampment members or not.

## EXTENSION WORK AT PURDUE BEGINS

Consists of Series of Lectures on  
Wide Variety of Engineering  
Subjects For State

### INCLUDE VARIETY OF TOPICS

Subjects Are For Benefit of Indiana  
Industry and Cities—Some Gen-  
eral in Interest

Lafayette, Ind., Oct. 6—Plans have been formed by Purdue University for new engineering extension work for Indiana industries and municipalities to be conducted this year the same as extension work for agriculture, according to announcement by Dean A. A. Potter of the school of engineering. The extension work consists of a series of lectures on a wide variety of engineering subjects, not only for men in the engineering profession and industry but also for civic organizations, or groups of interested citizens. It is in addition to the extension classes conducted over the state for men in industries.

One group of lectures are general in interest; another is designed especially for factory owners, superintendents and foremen; another is for railway engineers, master mechanics, managers and engineers and electric railways; another for power plant engineers and operators, and several for electricians, meter men and telephone workers. The men to deliver the lectures include the strongest men on the engineering faculty and specialists in their respective lines.

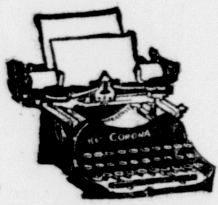

Prof. J. D. Hoffman, head of the practical mechanics department, spoke Sept. 27 at Wabash on "Building Residences for Comfort and Fuel Economy," and he will deliver a similar lecture at Fort Wayne Oct. 15. Prof. G. E. Lommel of the civil engineering staff, spoke Sept. 29, at Plymouth on "City Planning" and will speak on the same subject at Wabash Nov. 15. Prof. G. D. Shephard addressed Marion manufacturers the night of Sept. 30 on "Factory Organization." "Prof. R. B. Wiley of the school of civil engineering, will speak on "Public Health and Sanitation," the night of Oct. 20 before the Michigan City Chamber of Commerce.

The subjects of these addresses are typical of several score listed for the benefit of Indiana industry and cities. A heavy demand for speaking has resulted from a bulletin announcing the subjects and speakers recently sent over the state.

## WAR WORKER IS DIVORCED

Mary Woodson Shippey Granted De-  
cree From Poet-Husband

(By United Press)

Kansas City, Mo., Oct. 6—Mrs. Mary Woodson Shippey today was in possession of a divorce decree from Lee Shippey, Missouri poet and war Y. M. C. A. worker who was followed home from France by the mother of his "love child", Madeline Babin.

Following an all day hearing wherein Mrs. Shippey, a newspaper woman, was on the stand several hours, Judge Johnson of circuit court granted her the decree the custody of Shippey's child, and \$100 a month alimony.

Shippey, represented by attorneys, is now said to be in Tampico with Madeline to whom he was alleged to have referred in poems as "my little love in Arcady".

## EUROPEAN POWERS THREATEN CLASH

With Approach of Disarmament  
Conference Countries Arrange  
personnel of Their Delegation

### SUGGESTIONS ARE PREPARED

Chief Disputes Promises to be Be-  
tween Advocates of Land Arma-  
ments and Naval Power

(By United Press)

London Oct. 6—The approach of the date set for the disarmament conference at Washington finds the European powers which have been invited, and others who have not, busy today arranging the personnel of their delegations and preparing suggestions for agenda.

In England, the critical Irish situation and unemployment are absorbing the entire time of the Prime Minister and of members of his cabinet who are likely to represent Britain at Washington on November 10. "Conversations" are being held, however, and the Foreign Office is co-operating with British naval and military experts in the preparation of armament facts and figures. It is believed here that Lloyd George will be unable to go to Washington for the start of the conference.

France is rushing its preparations. The government is discussing agenda. Premier Briand will ask a vote of confidence on October 18 for his proposed trip to the United States. The French delegation has been virtually selected, although Briand's critics insist that he will himself be unable to attend. A political crisis here is predicted for early November.

Italy is looking forward to the Washington conference with gratification, for disarmament by all the powers would be particularly pleasing to the financially "hard up" government. It is felt here that Italy is closely in touch with the views of President Harding on disarmament.

Belgium, although not formally invited as yet, has chosen a delegation of five, and is discussing the agenda of the conference.

At Geneva, the League of Nations assembly regards the Washington conference as having put it on the shelf, as far as disarmament is concerned. None of the powers can agree to anything the League may propose until they find out what is to be done at Washington. Despite this, some enthusiasts are going ahead with the League's plans.

The chief dispute at the conference, as far as Europe is concerned, promises to be between advocates of land armaments on the one hand and naval power on the other. France and Britain seem certain to come to grips over this question, France insisting she needs a large standing army, and England being unwilling to relinquish the freedom of the seas as maintained by the British navy.

### CONFESSES ROBBERY

Muncie, Ind., Oct. 5—Max Gates, alias George Miller, 21, of Toledo, and James Richardson, 25, alias John Jones of Kokomo, arrested on suspicion of having burglarized the Waller grocery store here Tuesday night, today confessed to the robbery. Richardson who is said to have a prison record, was recognized by one of the local detectives and later made a signed confession. It is suspected the men are guilty of several other robberies reported in this part of the state recently.

## FIGHT CROP PESTS WITH POISON GAS

Boll Weevil and Other Pests Will be  
Destroyed by Deadly Gas Used  
During War

### IS IMPLEMENT OF PEACE

War Department Will Undertake  
Plans to Rid Country of All  
Dangerous Rodents

(By United Press)

Washington, Oct. 6—The Chemical Warfare Service, which devised deadly gases for destroying men during the war, is working to produce poisons that will rid the country of the boll weevil and other pests.

"The developments of war must be the implements of peace," Brigadier-General Amos A. Friest, chief of chemical warfare of the army, said in announcing the coming campaign. Successful chemical drives against rodents in Cuba recently predict equal success for extermination by the same means of the boll weevil and other agencies which are seriously damaging the crops of the country.

War against all manner of destructive pests will be undertaken by the War Department, of which the boll weevil is perhaps the most dangerous to agriculture, while the rodent is probably the greatest menace in the cities.

At present the army is working on a request from Representative Philip D. Swing, of Imperial Valley, California, who hopes to use poison gas to exterminate the blackbird pest in that community. He was told that the Chemical Warfare Service could make a poison that would kill some of the birds and drive off the others, but that the farmers would have to content themselves with using the crops for food and fodder alone, as the chemicals would destroy the re-seeding value of the fruit.

The Congressman pointed out that as things stand the farmers get neither food nor seed. He was then assured that the government would undertake a new series of experiments that would protect both the grain and its re-seeding qualities.

## WABASH WATERS TEEM WITH SMALL GAME FISH

Fishing Party Caught 37 Bass and  
Only 4 of Catch Were Large  
Enough to Keep Legally

### SHOWS IMPORTANCE OF LAW

Indianapolis, Ind., Oct. 6—The secretary of the Wabash county Fish, Game and Bird Protective Association writes to the state conservation department that public waters in that county teem with small game fish.

Accompanied by two companions the party caught thirty-seven bass one day recently and only four of the catch were large enough to keep legally, he writes. "This convinces me more than any other reason that the closed season law, prohibiting bass and bluegill fishing during spawning seasons, is the best law ever written on the statutes for conservation of aquatic life. These young fish were reproduced this summer naturally and by the thousands as a direct result of this new closed season law," he declares.

Letters from many parts of Indiana to George N. Mannfeld, chief of the fish and game division, show that the majority of public waters benefited from this law and where at first it was in considerable disfavor, sportsmen now recognize its importance if we wish to augment piscatorial sport in this state.

### "Dead" Man Found

Merritt, Wis., Oct. 6—After having searched all day yesterday and making preparations for an all night search for the body of Dr. P. L. McDonald, Wausau dentist, supposed victim of a hunting accident, McDonald's appearance in a hotel lobby here last night, ended the searching.

McDonald went hunting with two friends Tuesday and at the beginning of the hunt, they separated, agreeing to meet at sunset. When he did not appear at the appointed time, his friends started a search which lasted all night. Yesterday a party of 200 men combed the woods near here, but no trace could be found of the missing man.

McDonald said he slept in the Woods Tuesday and came to the hotel and slept all day.

## New York Stocks

New York, Oct. 6—Professional bears were active when trading started on the stock exchange today. They started their hammering tactics in the first hour.

The selling attack was concentrated, Mexican Petroleum bore most of the pressure. Opening around 95, this stock broke to 93½ in early trading. Baldwin Locomotive got down to 85½; Asphalt to 51½ and Studebaker to 71½.

Rails failed to reflect improved showing of ear loadings which for the week ending Sept. 24, reached the highest figure shown since Nov. 20 last year.

Southern Pacific and Union Pacific were off at the opening.

Pries were heavy at the opening of the stock exchange today. Opening prices included:

Studebaker 71½ off 1; Retail Stores 50½ off 1½; Texas Company 37 unchanged. Mexican Pete 95 unchanged; U. S. Rubber 48 unchanged. ## TO STAND ON HER ORIGINAL DEFENSE

Mrs. Lydia Southard Will Stake Her Chances on Contention She is a "Typhoid Carrier"

### TO EXPLAIN FOUR DEATHS

By ROBERT DONALDSON  
(U. P. Staff Correspondent)

Twin Falls, Idaho, Oct. 6.—That the defense attorneys in the case of Mrs. Lydia Southard alleged "blue bearded" on trial on a charge of poisoning her fourth husband, Edward F. Meyer, intend to stand on Mrs. Southard's statement that she was a "typhoid carrier" was indicated today.

The questioning of the physicians who attended Meyer by the defense attorneys was today directed through proving that Meyer actually came to his death through typhoid fever, and that previous to his fatal illness, he actually had a case of "walking typhoid."

The defense will attempt to show that Meyer, on the day that his wife arrived at the Blue Lakes ranch with the poison fly paper, ate some decomposed food and that this caused his illness, which illness so weakened his constitution that the typhoid germs already in his body got in their deadly work and caused his death through an intestinal hemorrhage.

## LONG TERM CREDITS URGED ON BANKERS

Presented as Method to Enhance Foreign Trade Permanently at Los Angeles Convention

### BOND SCHEME IS OUTLINED

(By United Press)

Los Angeles, Calif., Oct. 6.—Long term credits to enhance permanently our foreign trade were urged on American bankers today by John Mohugh, chairman of the commerce and marine commission.

Permanent financial machinery to establish these is essential if the United States is to take its proper place in international finance and trade, he declared in a speech before the American Bankers Association convention.

At the same session another speaker, Sir Drummond Frazer K. B. E., formally presented the Ter Meulen bond scheme for relief of the international credit situation. This is the plan adopted by the financial conference at Brussels in 1920, and by the League of Nations last December.

"The scheme is designed to enable war stricken nations who possess approved national securities," the British financial expert said, "to secure essential imports."

## SICKNESS PROVES COSTLY

Criminal Negligence Costs State \$10,000,000 Annually

(By United Press)

Fort Wayne, Ind., Oct. 6.—"Indiana throws away \$10,000,000 a year in human lives by criminal negligence," Dr. Eric Crull declared today.

"Last year there were 3,151 deaths in the state from tubercular affections," Crull explained. "The best estimate available now show that there are approximately 30,000 active cases of the disease."

"Prof. Irving Fisher of Yale reckons a human life worth some \$1,700 economically. It costs about \$3.00 a day to be sick and buy medicine, nursing and medicinal service. The state easily loses \$10,000,000 of producing power every year, by those figures."

## FARLOW FUNERAL TODAY

Services For Rush County Farmer Held at Star Church at 10.30

The funeral services for Reuben Farlow, who died Tuesday afternoon at three o'clock at the home of his son, Richard Farlow, southwest of Milroy, were held this morning at 10.30 o'clock at the Star church, and burial took place in the Star cemetery.

The deceased was one of the oldest farmers of southwestern Rush county, being ninety years of age. He had been a resident of this county all his life. Besides the son, a daughter, Mrs. Susan Fisher, who made her home with her daughter, Mrs. Sherman Brown in Greensburg, survives. His wife died only two years ago.

## WAGE ADJUSTMENTS HELD IMPERATIVE

B. F. Inman, Manager of State Chamber of Commerce, Addresses Connorsville Kiwanis Club

### DISCUSSES LIVING COSTS

(By United Press)

Connorsville, Ind., Oct. 6.—Wage adjustments are imperative as a step toward lowering the cost of living, B. F. Inman, manager of the Indiana State Chamber of Commerce, declared in an address before the Kiwanis club here today.

"Continued readjustment in both prices and wages is imperative," Inman said. "Production costs must be lowered. Transportation costs must be decreased. In order to accomplish this further wage adjustments are imperative. These problems must be approached on a 'fifty-fifty' basis—in spirit of absolute justice to all factors concerned."

"We have reached the point in our business rehabilitation where the 'human touch' must have more consideration. A fifty-fifty policy must predominate in all our business and social relationship—fifty-fifty between employer and employee; fifty-

fifty between capital and labor; fifty-fifty between both of these elements and the general public and fifty-fifty between all groups, all classes, all trades, all organizations, all professions and avocations."

## WITHDRAWS AFTER DIFFERENCE OVER FEE

Frank Dominguez Quits Arbuckle Case on Eve of Arraignment of Film Comedian

### SAID TO HAVE ASKED \$50,000

(By United Press)

San Francisco, Oct. 6.—Withdrawal of Frank Dominguez, as counsel for Roscoe (Fatty) Arbuckle on the eve of the film comedian's arraignment on a manslaughter charge became known here today.

Dominguez said other business demanded his attention, but it was understood that difference over fees caused his withdrawal. It was said that the attorney demanded \$50,000, while Arbuckle thought \$5,000 more reasonable as a retainer.

Milton Cohn and Charles Brennan are now handling Arbuckle's case.

Arbuckle was expected here late today to plead personally to the manslaughter charge in connection with the death of Virginia Rappe during a party in Arbuckle's apartment. Judge Louderback refused to allow Arbuckle to plead through his attorney.

enormous amount of money in ad-  
vertising does not do it haphazardly.  
Such an organization employs  
experts to study and analyze con-  
ditions before such a campaign is  
started. The agents enter the field  
and get first hand information to  
find out what is going on and to  
learn whether or not the time is ripe  
for a big advertising campaign.

It is very evident that many large  
concerns have found the situation  
far from discouraging or they would  
not be willing to set aside such large  
sums for advertising. Their decision  
to go after business makes man-  
ifest that they believe, after a thor-  
ough investigation, that the busi-  
ness is to be had.

It proves that there is one thing  
greater than business depression  
and that is the "go get 'em" spirit.  
It is that spirit that is sustaining  
the country today and helping make  
this the greatest industrial and  
mercantile country in the world; it  
is that spirit that leads the country  
that is laboring under business de-  
pression out of the woods.

As soon as buying is resumed  
and people again begin to purchase  
freely, the wheels of commerce will  
turn and turn faster than ever be-  
fore.

Such optimism as this should cer-  
tainly be an example for all of us  
who have something to sell.

An old preacher once said that  
the sounder his congregation slept  
the louder he talked until the very  
force of his voice held up their  
eyelids and made them listen, and  
just so it is possible for you—for  
any merchant—for any advertiser  
to win the attention of the public if  
you just talk loud enough.

forcement of prohibition Uncle Sam  
is up against the hardest job of his  
whole career.

It has been the boast of the proud  
old gentleman that he has never yet  
met defeat.

He may make good that boast in  
the present case, but—

Candidly, it will be a long time  
before we ever know.

When we hear a fellow boasting  
that he never changes his mind we  
quite agree with him. It is difficult  
to change something that does not  
exist.

Look into the home life of the  
fellow who claims that nothing ever  
worries him. Possibly his wife is  
earning the living.

Some of our worst citizens are  
very strict in their observance of  
the Sabbath day. They are in jail.

Tell your troubles to your enemy.  
It is the greatest punishment  
you can inflict upon him.

Advertising And Business

The large advertising contracts  
which are now being placed by  
many manufacturers of nationally  
advertised goods are of great sig-  
nificance. Increased advertising by  
such concerns spells volumes be-  
cause it means that they have not  
lost faith in the future when mer-  
chants think business is slow and  
believe the outlook for winter is  
none to promising.

Dunmanway Citizens Maltreated and  
One Killed, Eyewitnesses Say

(By United Press)

Cork, Oct. 6—Black and Tan,  
many of them said to have been  
drunk are alleged by inhabitants of  
Dunmanway to have caused a reign  
of terror, reminiscent of pre-armis-  
tice days in that county. Volleys were  
poured down the streets, houses entered  
and civilians maltreated and one  
man killed, according to eye wit-  
nesses.

The crown forces say they were  
first fired on from the town.

YANKEES COCKY  
AFTER VICTORY

From Babe Ruth Down to Little Banjo Bennett. They All Feel Title Within Their Grasp

A 10 TO 7 FAVORITE TODAY

Giants Badly Whipped. But They Have No Hangover This Morning—Beat At Their Own Game

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Oct. 6.—"There are some more games," quoth the Giants.

"Winning five games is almost a week's work," saith the Yanks.

They're both at it again today. The Yankees were cocky today. From Babe Ruth down to little Banjo Bennett, they all felt the title within their grasp, following their 3 to 0 victory in the first game of the world series.

When New York learned with amazement of the thousands of empty seats that looked so lonely during the "opener" yesterday, she prepared to move out today within the shelter of Coogan's great bluff.

Forty thousand, a full house, were expected for the second game this afternoon.

Wait Hoyt, the pink faced Brooklyn high school boy, was ready to pitch for the Yankees while Art Nehf, the Purdue southpaw, was waiting for the call from McGraw.

After their shutout victory yesterday in the opener, the Yanks jumped from an even money choice to a 10 to 7 favorite today. The fans showed by their attitude yesterday that the big town is with them and there was more indication of the same sentiment this morning in the betting.

The Giants were badly whipped yesterday, but they didn't have a hang over this morning.

"Hand it to the Yanks. They play-

Columbus Among Early Fans At Gate

Polo Grounds, New York, Oct. 6.—Christopher Columbus, P. T. Barnum and Jesse James were out at the Polo grounds early today up near the head of the line that formed on the right. At least so they said.

Now, when a baseball crowd, particularly the bugs who wait up all night to crash the bleacher entrance when the gate opens at 10, doesn't even want its own names in the papers, interest in the particular world series must be apathetic. Which is what this one is.

The first man in line insisted he was Columbus. Down about No. 6 or 7 was Jesse James fraternizing with P. T. Barnum. The reporters who had to get the home town stuff out of the early line-up were in a bad way.

There was nothing about that first game yesterday to be ashamed of, but these people out here this morning didn't seem to want the folks back home to know what they are doing in the big city.

ed our game and beat us at it, but its only the first game. We might look pretty good ourselves," McGraw said.

"We all like to get the first game. The boys are feeling fine and Mays figures he could pitch every day. That's the spirit of the whole club. But the series has hardly started," Manager Huggins said.

Veterans On Giants

(By United Press)

George Burns and "Slim" Sallee are the only world's series veterans left on the New York team from the 1917 Giants. Both were under McGraw when he won his last championship. Dave Baneroff has had a taste of the big classic. He was holding down short when the Phils won in 1915 for Pat Moran.

Eventually Chris Columbus, who'd been out here since 10 o'clock last night, despite the apathy, managed to confess to an alias—Mike McAewen, of Lawrence, Mass. With all respect to the McAewens, this name sounded almost as unlikely as the one he tried first. Mike didn't care who won. The bugs were twelve in number during the long night. Around about the gate opening time, some 2,000 more had worked up enough interest to get out here and stand about listlessly waiting for the rush to begin.

New York's vaunted indifference hasn't been overcome by a ball game after all, but the joke is on New York either way you look at it. If interest keeps on dropping like a German mark, the bleachers at the Polo grounds during the next few games will be a good place for the city to house some of its homeless or unemployed.

From Both Camps

New York, Oct. 6.—Here's the way the two opposing managers felt about the prospects today.

John McGraw, manager of the Giants:

"We'll get 'em today. Mays is good, but he can't pitch every day, and we can play Frankie Frisch all the time."

Miller Huggins, manager of the Yankees:

"I knew we would do it. We've got Waite Hoyt, or Bob Shawkey to start against them today. They will turn the Giants back just the way Mays did. I'm sure we will win now."

The blue in the sea stands in constant relation to its saltiness.

COLONELS WIN FIRST ONE

Get Away to Flying Start in "Little World Series"

Louisville, Ky., Oct. 6.—The Louisville Colonels, American Association champions were off to a flying start today in their "little world series" with the Baltimore Orioles, International League pennant winners through a 16 to 1 victory over Baltimore yesterday. The second game of the series will start at 2 p. m. Central Standard time today.

Fast fielding, heavy hitting and daring base running won for Louisville. Nick Culop, southpaw, allowed ten hits, but kept them scattered. Groves, for Baltimore, was knocked out in the third Frank and Clarke finishing the game. The Orioles lone run was made in the ninth. Louisville got 19 hits.

The attendance of 3253 was disappointing. Gate receipts were \$4,226.90.

Mascots Discourse  
On Their Favorites

(By TOMMY McQUADE)  
(Giants' Official Mascot)  
(Written for United Press)

"We will beat those Yankees today I bet you. All they got is a lot of luck and Babe Ruth and their luck was the only one working yesterday and you can't be lucky every day so I guess the Giants will get busy and take five straight now. I said yesterday we would win five straight but that did not have to mean the first five straight so I guess we will make it five straight starting today.

(By EDDIE BENNETT)  
(Yankee's Official Mascot)  
(Written for United Press)

"We got only four more to win and after today it will be only three more. I said yesterday the Yankees ought to win five out of seven, but maybe they will do better. A fellow had not ought to be a hog but you cannot blame him for wanting all he can get. If the Yankees can win without Babe hitting any homers I guess they won't make the Giants look sick when he gets hitting some.

Blase Broadway  
Is Not Excited

By PAUL MALLON

Polo Grounds, New York Oct. 6.—A loud yawn—!

New York woke up for a few seconds today read the score of the first game, stretched and sighed and went back to sleep again.

Blase Broadway just can't get excited over a little thing like a world series.

Even the bleachers caught the idea. It was easily the coldest crowd ever assimilated that milled around the entrance of the Polo grounds waiting to see the second clash between the Giants and the Yankees. They took the cue from the thousands who watched the first game.

There were no screaming banners; no heated arguments over the victor; no breaking of the line to crash the gates and none of the excitement and eagerness that goes to make up a world series.

In Again, Out Again

Chicago Oct. 6.—"Here's a \$10,000 for the release of George Williams", a flimsy dressed woman told Jailer Cahrvat early today. A prisoner walked out of a cell and left with the woman after the bond was approved.

An hour later a guard passed and said, "Well they've released Williams on bond haven't they?"

"Williams", came a voice through the bars. "I'm Williams. Benjamin Lieberman got out, not me!"

Lieberman, charged with participation in a \$100,000 jewelry robbery here two years ago, had outwitted authorities again.

COACH STAGG HAS  
PLENTY MATERIAL

Chicago University Will Open Season Saturday With 17 Old Members Back in Line-up

PLAY NORTHWESTERN FIRST

Big Event on Schedule Will Come October 22. When Maroons Clash With Princeton

(By United Press)

Chicago, Oct. 6.—With seventeen members of his last year's squad back on the gridiron Coach Stagg will have a wealth of material for the coming season that opens on October 1 when the Maroons meet Northwestern.

Among his regulars expected back are: Phenev and Redmon, guards; Stromieier and Halliday, ends; Lewis and McQuire, tackles; Tatge and McMaster, quarters; Timme, Palmer and Hermes at full and Crisler, Neff, Romney, Cole and Bell at half.

Along with the veterans he is going to have Arnold Bryson who has been wiping up the prep school fields as quarterback on Englewood High and "Wop" Simmons, star half back for Hyde Park. Both men have played a hard fast game.

Charles McGuire will captain Chicago. He has been a powerful and daring line man for Midway and will probably hold one of the tackle positions this fall.

Chicago's big event after the Northwestern attack will be the invasion of Princeton on October 22. They prepare for the onslaught of the "Tigers," the Maroons come up against Purdue after the Northwestern game.

The big turnout will enable Stagg to hammer home his system of defense in better time than with a smaller aggregation. Competition is going to be exceptionally keen.

There are enough football brains in the squad to master the elements of the stonewall tactics. Stagg relies upon and to go ahead on effective offensive work.

Dr. Charles Molander, and former Captain Coville Jackson are two men who will help Coach Stagg mobilize and train his squad.

The two hard games in the first weeks will enable Stagg to test out his material and at an early date spot the men who can carry the brunt of the season's fighting.

They will allow the teams to perfect something like a permanent organization that can work towards a maximum of cooperation and teamwork.

Fair and Warmer

New York, Oct. 6.—Fair and slightly warmer weather prevailed for the second day of the world's series. At 8 a. m. there was not a cloud in the sky and the high wind of yesterday had diminished to a gentle zephyr.

AN UNAUTHORIZED STEAL

New York, Oct. 6.—"I just took a notion when I saw Douglas start to wind up" Mike McNally, star third baseman of the Yankees, said today, explaining his theft of home yesterday.

Both McNally and Miller Huggins, manager of the club, said that no signal had been flashed for the play.

FINANCE SUGAR PLANTERS

Manila, P. I. (By Mail to U. P.)

—The Philippine government is preparing to loan \$1,000,000 to sugar planters in the islands to save their sugar crop. Most of last year's crop has not been sold and the planters need money to pay their workmen, whom they owe four months' wages. The annual production of sugar in the Philippines is approximately 225,000 tons, of which more than half goes to the United States.

The government investment in the industry consists of loans amounting to \$17,000,000 granted through the Philippine National Bank to six centrifugal mills organized by Filipino planters.

The regular stated meeting of the Martha Poe Chapter, No. 143, O. E. S. will be held Friday evening at 7:30 o'clock. A good attendance is desired.

Mattox Circle, Ladies of the G. A. R., will meet in the assembly room of the court house Friday afternoon promptly at two o'clock. A full attendance is desired as special business is to come before the meeting. Work will be given.

Miss Viola Jay was hostess for the members of the Triangle Club last evening at her home in North Main street. Thirty members were present for the meeting. A very interesting program was given followed by a social hour during which dainty refreshments were served.

The Ladies Bible Class of the First Presbyterian church will meet Friday evening at the home of Mrs. John Wallace in West Third street. At this time the class will be organized and all ladies of the church who are interested in the class are cordially invited to attend this meeting.

The Industrial Club and Mattox Circle ladies delightedly surprised Mrs. Edward Young yesterday afternoon at her home in West Seventh street, in honor of her 79th birthday. Thirty-five guests were present, the

out-of-town guests being Mrs. Ed Montine of Benton Harbor, Mich., a niece of Mrs. Young, Mrs. Mary F. Young of Kokomo, and Mrs. Brookbank of Cincinnati, Ohio. The ladies presented the honored guest with a beautiful cameo pin in remembrance of her birthday. The afternoon was enjoyed with an informal social party. Delicious refreshments were served at the close of the afternoon.

A very pretty home wedding was solemnized yesterday afternoon at 2:30 o'clock at the home of Elder and Mrs. Charles Radcliff in Connersville, when their daughter Miss Leila was united in marriage to Ralph E. Nipp, son of Mr. and Mrs. John Nipp of this city. The home was prettily decorated for the occasion in fall flowers and ferns, the color scheme of yellow and white predominating.

Miss Whelan of Connersville played Lohengrin's wedding march and Fred Radcliff, brother of the bride, sang a number of bridal selections. The bride was prettily dressed in a white organdie and taffeta gown and carried a bridal bouquet of Ophelia roses. There were no attendants. The father of the bride who is pastor of the Baptist church in Connersville, performed the ceremony, in the presence of only the immediate families.

Following the wedding ceremony dainty refreshments were served and

Mr. and Mrs. Nipp left on a motor trip, after which they will be at home to their friends in Moscow. The bride is well known in Connersville and the bridegroom is a prosperous farmer of this county.

H. B. DICKSON, who is in charge of the national convention of the American Red Cross, to be held in Columbus, O., Oct. 4-8, is also responsible for securing ten million members for the Red Cross this year. But, having dealt with big figures most of his life, his present task doesn't bother him in the least. The Columbus convention is to crystallize interest in the nation-wide roll call.

son, who are handling the committee bill, that he was convinced the bill should be amended along the lines suggested by the Progressives.

Amendments laid down by the Progressives are:  
Total repeal of transportation taxes; increase in the maximum surtaxes from 32 to 50 percent; retention of the capital stock taxes; a substantial increase in the higher rates of inheritance taxes and the elimination of various 'nuisance' taxes.

The muddled situation which enabled Progressives to dominate the situation was caused by several elements working at cross purposes.

## BOOM FOR GIGNILLIAT

Indianapolis, Ind., Oct. 6—The Kothe McIlvaine post of the American Legion started a boom today to make Col L. R. Gignilliat next national executive committeeman from Indiana. The post instructed its delegates to vote for Gignilliat at the state convention in Wabash. Gignilliat is present state commander of the Legion. It is understood D. T. Victor Keene, of Indianapolis, present committeeman, will seek re-election.

## 35 KILLED IN COLLISION

Paris, Oct. 6.—Official investigation was begun today of the rear end collision in the St. Nazaire railway station tunnel last night, in which 35 persons lost their lives and a considerable number were injured. Two suburban trains collided in the half mile tunnel, and flames, spread by a terrific gas reservoir explosion, made the disaster, one of the most horrible in French railway history.

## MAKES OWN POST SECOND IN STATE

Joseph D. O'Neill Commander of Delaware Post Candidate For State Commander of Legion

## EXECUTIVE RECORD IS GOOD

Member of Typographical Union and Promoted Better Feeling Between Labor and Legion

Muncie, Ind., Oct. 6—Joseph D. O'Neill, commander of the Delaware Post No. 10, American Legion, at Muncie, who will be a candidate for state commander of the Legion at the convention to be held in Wabash, October 10 and 11, has the unique distinction of having taken hold of his post when it was all but dead and in a few short months making it the second largest in the State in membership, and from the poorest making it probably the wealthiest.

His friends over the State are running him on his record as an executive. The Muncie post was about to go under and a meeting of the "survivors" was called to see whether it could be revived. They decided to give O'Neill a try at it by electing him commander and he inaugurated a campaign for members that within a few months put this post next to the top of the list.

Then the post under his direction put on a Mardi Gras Carnival that netted it \$16,000 and this money now is in the post treasury drawing interest. There was less than \$25 in the treasury when he was elected commander. The post also has a beautifully furnished, modern chateau.

"Joe" O'Neill is a member of the Typographical union and has done much to promote a better feeling between organized labor and the Legion.

In his platform O'Neill stands out strongly in favor of care for the disabled soldiers and for proper compensation for soldiers and sailors of the World War. He believes, too, that the American Legion is not half large enough in Indiana and if elected commander says he will devote every effort to making the Legion grow throughout the State as

he made his home town post grow.

O'Neill enlisted as a private May 16, 1917, in Company G, 152nd Infantry, and was discharged in April, 1919, as a sergeant.

He has been connected for many years with The Muncie Evening Press and now is assistant foreman of that newspaper.

The Muncie post has adopted the slogan "Over the Top With O'Neill," and in his home town they call him "The Man Who Does Things."

## ASSEMBLY DELEGATES ARE RETURNING HOME

Pres. Karna Beek Lays Stress on Operation of International Court of Justice at Session

## OTHER THINGS ACCOMPLISHED

By HENRY WOOD  
(U. P. Staff Correspondent)  
Geneva, Oct. 6—Delegates to the second assembly of the League of Nations were today leaving Geneva to return to their respective government reports of progress achieved in the session. With the reelection of the non-permanent members of the League Council which will act for the League until next year, as its last official business, the assembly adjourned yesterday.

Summing up and outlining the work accomplished here this year, President Karna Beek laid stress on the creation of an international court of justice as the most important achievement of the session just closed.

There was also, he said, the establishment of medium for the application of an economic blockade, the direction of a disarmament commission to draw up an international treaty with definite disarmament plans, and the setting up of an international conference to control private manufacture of war material and traffic in arms.

Three new nations have been taken into the fold, Estonia, Latvia and Lithuania.

A new "white slave" treaty has been signed by many of the states and will be signed by others.

The assembly also urged the allies to speed up negotiations with the United States regarding mandates.

## REMOVED FROM HOSPITAL

Miss Marie Kuntz daughter of Mr. and Mrs. John Kuntz of near Connersville who was operated on for appendicitis two weeks ago at the Dr. Sexton hospital in this city, was removed to the home of her sister, Mrs. Lawrence Harmon, in West Second street yesterday. Miss Kuntz has improved greatly.

## TO PROVE THAT GIRL PROTECTED KILLERS

State Expects to Establish That Marian McArdle Played Piano When Dan Kaber Was Murdered

## SAYS SHE KNEW OF PLOT

Cleveland, Oct. 6—That Marian McArdle played the piano on the night of the murder of her step-father, Dan Kaber, to protect the assassins in their crime, was expected to be established by Prosecutor Edward Stanton at her trial here today.

Police Chief Christensen of Lakewood took the stand as one of the principal accusing witnesses against Marian McArdle at the Smith College girl's trial.

Through Christensen's testimony the prosecutor hoped to establish:

That Marian played the piano to drown the noise while hired assassins murdered Dan Kaber, her step-father and wealthy publisher.

That Marian not only knew of the plot for which her mother, Mrs. Eva Kaber, has been sent to prison, but that she aided in it.

Henry Senff New York detective, was expected to tell of a statement to this effect alleged to have been made to him while Miss McArdle was in jail in New York.

## The Philosophy of Brother Ostrich

There's something almost human about the ostrich. Rather than face the unusual, he buries his head in the sand—thus exposing himself, rather recklessly, to the whims of happenstance.

Isn't that just like the chap who ducks under the sheets the minute the furniture creaks downstairs? Lots of folks shut their eyes when they need them most. In the matter of buying something, for instance—the important business of spending hard earned dollars.

Who gets the most for his money? The man who buys blindly—or the fellow who reads advertising and discovers just where he can buy what he wants at the best possible price?

Who is the most economical housekeeper? The woman who buys haphazard, or the one who daily reads our advertising columns and puts her household purchasing on a business basis?

There is no denying the great value of advertising to those who read it. It protects you against fraud and inferiority. It tells you what is new and good, making you a wise buyer. It saves you money by pointing out for your consideration only the best products and the best places to buy them.

Don't be an ostrich.

## SPICELAND THEFT CHARGES DROPPED

Indictments Against Muncie Men  
Accused of Robbing Bank Dis-  
missed at Newcastle

STORY OF CONFESSION TOLD

Court Sustains Motion of Gene Wil-  
liams and Court Asher For Lack  
of Evidence

Muncie, Ind., Oct. 6.—The indictments in the Henry county circuit court against Gene Williams, Muncie lawyer and former deputy prosecuting attorney of Delaware county, and Court Asher, a local machinist, in which it was charged that Williams and Asher robbed the Spiceland Bank at Spiceland of several thousand dollars in money and securities, have been dismissed by Judge Fred Gause at Newcastle, the defendants here have been notified. Williams and Asher, many weeks ago filed a motion to have the charges dismissed on the ground of lack of evidence and the court sustained the motion.

Sam Pierman, convicted of bank robbery in East St. Louis, Ill., it is said, confessed that he and another man, whose name he gave, had robbed the Spiceland bank. It is said that some of the bonds were found in a canal near East St. Louis. The Spiceland Bank was robbed in February, 1920.

About the time Williams and Asher were arrested in the Spiceland case, they with Thomas V. Miller, a Muncie lawyer, were charged with robbing the bank at Bryant, Jay county, Indiana, that robbery having been committed in December, 1919. Halford Johnson, a former convict, who it was alleged, had a part in the robbery, made an alleged confession, naming Williams, Miller, and Asher.

Williams charged that the "confession" was made because he, Williams, had failed to carry to the supreme court, as Johnson's lawyer, the case of Johnson after the latter had been convicted of robbing a store in Randolph county. The prosecuting attorney of Jay county dismissed these charges against Williams, Asher and Miller last January, saying there was no supporting evidence except Johnson's word and Johnson then was a fugitive from justice.

Johnson escaped from the Delaware County Jail after his bondsmen had surrendered him to Thomas Hiatt, sheriff, last December. Johnson then being under sentence of two to fourteen years in the State Prison, and has not been found.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

## ANDERSONVILLE TO RETURN HERE SUNDAY

Claim That They Won Last Sunday Does Not Figure in Booking Them For Third Contest

### SAME LINE-UP TO BE USED

The Tail Lights will hook up again Sunday with the Andersonville baseball team, and expect to make it three straight victories over the team which offered a challenge to the locals several weeks ago. The fact that Andersonville claimed the game last Sunday, is not figured with the local players nor fans, and as the Andersonville umpire was in the box at the time, the decision, evidently was correct, as no kick was made in the ninth inning when the alleged third strike took place.

The locals will line-up with the same players and expect to get to Croddy early in the game, and sew up the three game series early. No word was received from Andersonville regarding their line-up. The manager still is claiming that they won the game 1 to 0 last Sunday.

The two teams are evenly matched and in both games have furnished good brand of ball, regardless of who wins, and the fans may expect another good thriller on Sunday.

## ENTER SECOND WITH A NEW REP

Yankees Show Greased Lightning With Brains in Opener And Cross Giants at Every Turn

### FPOLED THE MCGRAWITES

Gone Was Slashing, Tearing Attack Which Carried Them to American League Championship

By HAROLD D. JACOBS  
(U. P. Staff Correspondent)

New York, Oct. 6.—The Yankees entered the second game of the world series today with a brand new reputation to sustain—greased lightning with brains.

Until they flashed their spectacular win over the Giants in yesterday's opener, Huggins' men had been classified as a ponderous slow moving, turgid thinking outfit with but two virtues ability to "crash the old apple" and Carl Mays.

The McGrawites played them for just that sort of a steam roller and the steam roller turned into a racing car without missing a stroke. The Yankees probably never played a headier nor speedier offensive game in their lives.

And their defense was flawless. Gone was the slashing, tearing attack that had carried them to the American League championship. Gone was the system of forcing runners around the lines by sheer power of base hits. The hit-and-run was replaced by the safe and sane sacrifice. The extra base wallop by the well placed single, and how those Yanks ran bases!

The Giants were at the great disadvantage today of not knowing what to expect. They had their plans all laid yesterday to meet certain conditions and those conditions didn't exist. It was as though they had gone to elaborate preparation to hunt elephants and had run into a nest of rattlesnakes.

Yesterday's exhibition was an exemplification of the old adage that "pride goeth before a fall". The Giants had boasted that the great Babe Ruth would not be purposely passed. It was Phil Douglas' anxiety to live up to this boast that gave the Yanks their first and winning run. If there was any "break" in the game it came when "Shufflin' Phil" grooved one for the Bambino in the very first inning.

Elmer Miller had singled and been sacrificed neatly to second by Roger Peckinpaugh. Mindful of his duty of pitching to Ruth, Douglas got the ball over, not wisely, but too well. A blind men could have patted it and Babe is assuredly not blind.

Wham! the leather streaked to center on a line, Miller raced home and away went the old ball game. The Yanks crossed the Giants by pulling the unexpected at every turn.

### LOCAL DELEGATION GOING

To Attend Father Gibault K. of C. Home Dedication at Terre Haute

A large delegation of Rushville Knights of Columbus will go to Terre Haute, Ind., Sunday to attend the dedication of the Father Gibault K. of C. home.

The local Knights will leave here Sunday morning at five o'clock and make connections in Indianapolis with the Pennsylvania at 7:15 a. m. Connersville will send a delegation by the same route. Other lodges in this section of the state will also be represented.

The Father Gibault home is a home for boys and similar to the one in which Babe Ruth, the home run king, was reared.

### KNIGHTS TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will hold their regular stated convocation Thursday evening beginning at 7:30. As this is the first fall meeting it is desired all Sir Knights attend to discuss some special matters. This will be the first rehearsal for inspection which will be held next month.

## TO PLAY SHELBYVILLE LEGION TEAM SUNDAY

Arlington Athletic Club Will go up Against Strong Aggregation on its Home Field

### OTHER DATES ARE ANNOUNCED

The Shelbyville American Legion football team will play the Arlington Athletic Club at Arlington Sunday. The Shelbyville team is very heavy and has sent word that they expect to win. The Arlington team has been practicing hard and is determined to put up a great fight and win. These teams played a series of games last year and each game was won by close scores, Arlington winning two out of three played, the last one by 2 to 0 score.

Shelbyville has in addition to a very heavy line an all-state Kentucky half-back playing with them. Jerome Caron of Rushville will play right tackle for Arlington Sunday and is ably taking care of his part of game.

The following games so far scheduled: Shelbyville at Arlington, Oct. 9; Lawrence at Arlington, Oct. 16; Ferndale at Indianapolis, Oct. 23; Greensburg at Greensburg, Oct. 30; Fairfax Athletic Club at Arlington, Nov. 6; Shelbyville at

Shelbyville, Nov. 13; Nov. 20 and 24 dates are pending with Newcastle and Greenfield.

### Yanks In The Money

Although the New York Yankees won their first pennant, the club is not entirely strange to the world's series. Frank Baker and Bob Shawkey went through several with the Athletics; Babe Ruth, Carl Mays, Wally Schang and Mike McNally had their former fling at the classic with the Boston Red Sox.

### MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

## MAY SOON REGAIN CITY CAR SYSTEM

Des Moines, Which Has Been Without Trolley Cars For Two Months, Has New Plan

CONFERENCE HELD IN CHICAGO

(By United Press)  
Des Moines, Ia., Oct. 6.—After sixty days without street cars Des Moines has found that being the only trolleyless city in the country has more liabilities than assets.

A conference in Chicago between A. W. Harris, owner of the Des Moines Tram Cars and many other city transportation systems and W. B. McKinley, owners of interurban interests in many parts of the middle west including several Iowa lines which obtain power from the Des Moines trolley system is expected to iron out several disputed points in the local controversy, leaving the way clear for resumption of street car service within probably six weeks.

A franchise drawn up by the Harris interests is now under consideration by the city council and on passage, which is expected early next week, will be placed before the city in an election, probably in November.

The franchise provides for elimination of busses and restoration of an eight cent fare.

Cold weather and inadequate shelter by the busses have aggravated the cry of the city for street cars. Prospects for immediate car service however, are still hazy.

## SEEKS DISMISSAL OF CASE

Attorney For Mary Pickford Asks Dropping of Divorce Appeal

(By United Press)  
Carson City, Nev., Oct. 6.—Demand for dismissal of the appeal taken by the state of Nevada in the suit of the state to annul Mary Pickford's divorce from Owen Moore, was under consideration by the state supreme court today.

P. A. McCarran, Mary's attorney, moved for the dismissal of the appeal, charging it had not been completed within the statutory time.

The demand was argued and submitted, the court declaring it would examine the record before making a decision.

No reference was made in the argument to the recent announcement in Paris that Mary intended to spend half her time in Europe—which would be out of the court's jurisdiction.

## ROAD WORK IS HELD UP

Transportation Costs Hinders Unemployment Situation

(By United Press)  
Indianapolis, Ind., Oct. 6.—Road maintenance work which would materially relieve the unemployment situation is being held up by high transportation costs on material, members of the highway commission declared today. Governor McCray has called a conference of railroad operators and highway experts for Thursday of this week to discuss means of lowering freight rates.

Commission members say that gravel and stone are frequently priced at from 60 cents to 90 cents a ton. To transport these materials railroads charge from 80 cents to \$1.26 a ton.

## AMUSEMENTS

### "Desperate Youth" Coming

A classic of colloquial American literature has been given life on the screen in "Desperate Youth", which will be the principal attraction at the Mystic Theatre on Friday with Gladys Walton in the starring role.

The story was filmed at Universal City from "A Kentucky Cinderella", by F. Hopkinson Smith. Harry B. Harris directed it, using a popular cast in the star's support.

Two old prospectors are seen as the story opens, living and having considerable joy in a mountain shack. With them is Rosemary Merriew, daughter of one of them. Her father is killed in a gun-battle and she is sent to her aunt in Alabama, an ultra-fastidious old dame with an exaggerated sense of her own aristocracy and a desire to marry her own daughter off to the richest young man in town. Rosemary interferes with this schedule. Dr. Tom Dowling the prospective son-in-law becomes infatuated with her, thereby complicating the plot.

With delightful humor, good dra-

ma and fidelity, to Smith's popular story, "Desperate Youth" is said to serve Miss Walton as one of her best Universal starring vehicles.

Such screen favorites as Harold Miller, J. Farrell McDonald, Louis Willoughby, Muriel Godfrey Turner, Hazel Howell, Lucy Harris and James Blackwell, play the important character roles in the production.

### "The Wild Goose" Scores

That "The Wild Goose" the new Cosmopolitan Paramount picture should have scored a big hit at the Princess theatre where it is the feature today, was expected inasmuch as the production is making profound impression everywhere. It is a delightful picture, and its story provides numerous thrills in its development.

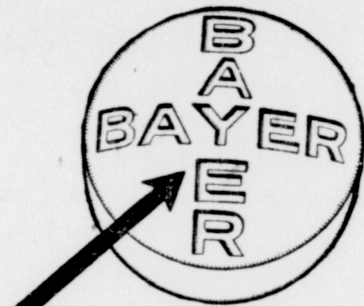

Diana Manners is the lovely wife of Frank Manners, a wealthy architect. She becomes infatuated with another man and the discovery of this by the husband, brings about highly thrilling developments. Happiness comes to all concerned however, but not until the principals have suffered the woes that come to those who tempt fate to the breaking point.

Winifred Westover, the young screen actress who has appeared to advantage in a number of Griffith productions, notably "Intolerance", will be Conway Tearle's leading lady in his new Selznick Picture, "The Fighter", which is scheduled for a two day showing at the Princess theatre starting Friday. The story was written by Albert Payson Terhune, well known magazine writer and novelist and directed by Henry Kolker, who made "The Palace of Darkened Windows," a current Selznick release, and "Who Am I?" for Eelznick.

Miss Westover, a capable and charming actress, was educated at the Dominican Convent at San Raphael, Cal. She began her screen career in the Griffith production, "Intolerance", and later played prominent roles in "Watch Our William", "Gift of The Desert", "John Petticoats", "This Hero Stuff", "Hobbs in a Hurry," and "All the World to Nothing".
